

Dear Ms. Pleasant

Thank you for coming
to our school. I look forward
to becoming an Engineer.

Dear Mrs. Pleasant, I

I just want to say thank you for coming out to our school for career day. We at our school really appreciate you taking the time out of your busy schedule to talk about your amazing career of Engineering. Engineering looks like a fantastic career and there's so many types to choose from. If I become an Engineer I will probably be an electric engineer or a ~~body~~ ~~body~~ engineer. I learned so much from your presentation. I think I might take the path of engineering just because of your speech engineering sounds so fun. I hope that you enjoy your career as much as it sounded like you did. Again I just want to thank you. There were tons of programs that day but yours was the best.

Thanks,

Sincerely,
Xander

Dear Ms. Pleasant thank u for coming
and showing us your job I hope
u like it to u are awesome
at it, you are awesome at building
electricity. and now i kinda want to
be a engineer and I think
u are a manager.

And I do wish that I got
one of the toys u had
I would really like I hope
I get to see u again, for
another career day

Sincerely,
your friend
Valerie Medina

Dear Ms. Pleasant,

Thanks for coming to our school. I know that you like engineering, and that is awesome. I learn that engineer make electric that transform to make toys work. That was amazing. I saw that you push the button wall-e move with his hand and it light up! That is awesome that make electric. I know that you been guard around your job to protect your work. That is your best work you ever got! Thank you for coming to our school.

Sincerely

Steven Se

Dear Mrs. Pleasant thank you for coming to
our school telling about how our job
is like. Engineering is a very interesting thing.
My very favorite thing is the Robots and
the transformer. Walle is very interesting.
The transformer is very interesting. Thank
you for the thorep sticker. You are an
very interesting engineer. Walle is very
electricity. Transformer are very interesting
things. At first I thought you were
talking about the transformer
Robot on the tv shows. Robot are
very cool. Thank you for taking
your time and coming to our
school.

Sincerely
Brian
